BORING MACHINES FOR SMALL AND MEDIUM PRODUCTION

**Intelligent and reliable boring for your small or medium business**

Technical data	
Spindles (mm)	21
Centerdistance between each spindle (mm)	32
Total centerdistance between first and last spindle (mm)	640
Maximum depth of hole (mm)	70
Maximum dimensions of pieces to be drilled (mm)	800x3000
Spindle rotations per minute (mm)	2800
Motor power (hp)	2
Pressure (atm.)	6-8
Weight (Kg)	295
Overall size (mm)	1070x890 x1240
