

PT410B

16" Planer/Thicknesser*

The PT410B has a large 410 x 255mm capacity. With the convenience of single handed table lift, switching from surface planing to thicknessing cannot be easier. This versatile machine features an extra large aluminum extruded fence with centered controls and cam locking for quick adjustments. It's a great machine to choose for serious woodworker and the busy trade workshop.

* Image shown with optional Extension Table

Single handed table lift, switching from surface planing to thicknessing cannot be easier

Centered controls and cam locking fence for quick adjustments

Sturdy central column for superior stability and easy rise and fall adjustment

Built-in dust chute capable of handling both planing and thicknessing operations
